

Grade A Red 0.2 MM Copper Sheet Plate Cathode Custom

Our Product Introduction

for more products please visit us on copper-solid.com

Basic Information

- Place of Origin: china
- Brand Name: Jinshunlai
- Certification: IOS
- Model Number: 0.1mm-900mm
- Minimum Order Quantity: 1kg
- Price: 5000usd
- Delivery Time: 5days
- Payment Terms: L/C, T/T , Western Union,D/P
- Supply Ability: 9000ton

Product Specification

- Color: Red
- Conductivity: High
- CorrosionResistance: High
- Density: 8.9g/cm3
- Elasticity: High
- Hardness: Medium
- Highlight: Custom 0.2 mm copper sheet,
0.2 mm copper sheet Cathode,
0.2MM copper sheet plate

Product Description

Low Factory Price High Quality 99.99% Pure Copper Cathode

copper cathode/copper cathodes price
copper cathode Grade A
Purity: purity 99.97%-99.99% min
Competitive & reliable price
Excellent customer service
Outstanding delivery reliability
Annual output: 50000 tons
Execution standard: GB/T467-1997

Application:

Electrical, light industry, machinery, national defense industry .

Copper Scrap is industry a important sources of the raw materials, all kinds of can be recycled Recycling waste production with copper

Copper Sheets Widely Application:

* Copper is a non-ferrous metal closely related to humans. It is widely used in electrical, light industry, machinery manufacturing, construction industry, and other fields. It is second only to aluminum in the consumption of non-ferrous metal materials in China.

* Copper is the most widely used and used in the electrical and electronic industries, accounting for more than half of the total consumption. Used in the manufacture of various cables and wires, motors and transformers, switches and printed circuit boards. In the manufacture of machinery and transportation vehicles, it is used to manufacture industrial valves and fittings, meters, sliding bearings, molds, heat exchangers and pumps.

* It is widely used in the chemical industry to manufacture vacuum vessels, distillation pots, brewing pots, etc.

* In the construction industry, it is used as various pipes, pipe fittings, decorative devices, etc.
